"Washclean" creates a Steam Foam (a most powerful agency) in the soap suds. This working in conjunction with soap suds removes every particle of dirt from the clothes so when rinsed they will be as clean and white as snow without the rubbing and without any harm to the clothes. This is guaranteed when directions are followed. See James.

ACCIDENTALLY KILLED.

BOY SHOT BY COMPANION WHILE AT PLAY NEAR PANAMA.

Garfield, the twelve year old son of Mr. and Mrs. Titus Lewis, who reside near Panama, was shot and fatally injured by one of his companions while playing at hunting bear, near his home Tuesday evening. He and two other boys had been snapping empty pistols at each other in play when one of the boys entered the house and brought out a gun from which he took the loads and they used it also. After they were playing the shot-gun was taken back to the house and the loads replaced. Then another boy got it and thinking it still unloaded, aimed at young Lewis and fired.

The entire charge took effect in the boys back and being at short range went entirely through him penetrating the intestines. Drs. Allen & Allen of this city were called and did all that was possible to save his life but he died yesterday morning at one o'clock.

The sorrowing parents have the sympathy of all in their bereavement.

STORE ROBBER.

The store of Watson & Grimm in this city was robbed of a sum between fifty and sixty dollars last Sunday night. The robber is thought to have secreted himself in the store before it was closed as he had evidently not broken in. The money was in a cash box in the rear of the store and quite an amount was overlooked. The authorities have a clue as to the guilty party and it is to be hoped that they land him as such things have been going on quite long enough.

TO THE PUBLIC

Please get busy now that all election strife is over; let us pay attention to the appearance and health of our city and have another "Clean Up" by cutting the grass and weeds, and by so doing you will sweep some of the flies and mosquitoes that are harboring in the tall grass and weeds. Therefore I, S. B. Cole, Mayor, request all citizens that own or have control of any city property, to cut and remove all unreasonable height of grass and weeds, in or outside all property lots. Last season on account of the dead grass and weeds, the fire department was called out 4 times to extinguish the fires that were started from them. It cost the city \$40 to extinguish those fires, therefore do not allow this to occur again, but please take warning. Anyone allowing their grass and weeds to remain standing standing to an unusual height or remain on the ground after being cut, will lay themselves liable to prosecution to the full extent of the city ordinance. S. B. Cole, Mayor.

Good bran and shorts always in stock. We don't hesitate in buying good corn chop and it pays you too, to get the best and we will make the prices right. Kirk Gro.
